## Course Director

### David K. Roberts, MD

Director, Interventional Cardiovascular Research  
Sacramento Heart and Vascular Foundation  
Director, Sutter Heart & Vascular Institute  
Sutter Medical Center  
Sacramento, CA

## Course Co-Directors

### Mark Reisman, MD

Director, Cardiovascular Research  
Director, Cardiac Catheterization Laboratory  
Swedish Heart & Vascular Institute  
Swedish Medical Center  
Seattle, WA

### Michael D. Fugit, MD

Director, Inpatient Cardiovascular Services  
Sacramento Heart and Vascular Foundation  
Sutter Medical Center  
Sacramento, CA

### Peter Casterella, MD

Seattle Cardiology  
Swedish Medical Center  
Seattle, WA.

## Invited Faculty

### Joseph Aragon, MD

Sansum Clinic  
Santa Barbara, CA

### Todd Brinton, MD

Stanford Medical Center  
Stanford, CA

### Dan Clair, MD

Cleveland Clinic  
Cleveland, OH

### Amish Desai, MD

Swedish Medical Center  
Seattle, WA

### William A. Gray, MD

Columbia University  
Cardiovascular Research Foundation  
New York, NY Faculty

### Stephen Griffin, PhD

Nellix Endovascular  
Fremont, CA

### Mark Grise, MD

Ochsner Medical Center  
New Orleans, LA

### John Laird, MD

UC Davis Medical Center  
Sacramento, CA

### David Lee, MD

Stanford Medical Center  
Stanford, CA

### Subbarao Myla, MD

Hoag Hospital  
Newport Beach, CA

### Thomas C. Park, MD

Sutter Medical Center  
Sacramento, CA

### John L. Petersen II, MD

Swedish Medical Center  
Seattle, WA

### Matthew Price, MD

Scripps Clinic  
La Jolla, CA

### Venkatesh Ramaiah, MD

Arizona Heart Hospital  
Phoenix, AZ

### Victor M. Rodriguez, MD

Kaiser Permanente Medical Center  
Sacramento, CA

### John Simpson, MD

Cardiovascular Medicine  
Redwood City, CA

### Alan Yeung, MD

Stanford Medical Center  
Stanford, CA

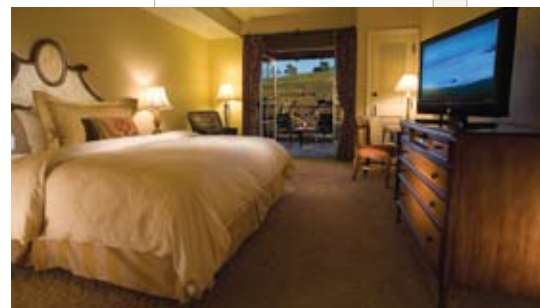

## Program Manager

### Kurt L. Owens

Seattle Science Foundation

## The Meritage Resort

The Meritage Resort | Napa Valley, California  
Located at the southern tip of the Napa Valley, near where Napa and Sonoma meet, the Meritage Resort at Napa offers an experience like no other for wine enthusiasts, business travelers and special events. A block of rooms has been reserved for attendees of this conference at a special rate of \$239 per night. Please contact The Meritage Resort at 866.370.NAPA to take advantage of this discounted rate. The cut off date for this special conference rate is June 29th. For more information, please visit [www.themeritageresort.com](http://www.themeritageresort.com).

## CME Accreditation and Designation

The Cardiovascular Research Foundation is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The Cardiovascular Research Foundation designates this educational activity for a maximum of 11.75 AMA PRA Category 1 Credit(s)<sup>™</sup>. Physicians should only claim credit commensurate with the extent of their participation in the activity.

## Program Overview

This program addresses the ever-present need to get up to date information on cardiovascular and endovascular therapies. The program includes a variety of lectures, case presentations and panel discussions with emphasis on a core curriculum approach.

## Target Audience

Cardiologists (interventional & non-interventional), interventional radiologists, vascular surgeons, primary care providers and others involved in the management of cardiovascular disease.

## Objectives

Upon completion of this conference the participant will be able to:

- Express factors in case selection, and understand the risks and benefits of carotid stenting
- Explain how advances in devices and operator techniques are impacting the interventionalists' role in treating structural heart disease and preventing stroke
- Recognize the latest literature and recommendations for coronary stenting in the DES era
- Describe how advanced percutaneous techniques and devices are expanding the role of the interventionalist in the treatment of claudication and critical limb ischemia
- Evaluate the latest pharmacological clinical data and how it affects your patients

## Commercial Funding & Financial Support

This conference is being funded in part by unrestricted educational grants from various commercial organizations as well as a generous donation from the Sutter Heart & Vascular Institute. A complete list of supporters will be published in the final program.

## Faculty Disclosures

All faculty participating in the planning or implementation of this event will disclose all relevant financial relationships. A full list of faculty and their disclosures will be given in the course materials available at the conference.

## THURSDAY, JULY 30TH 2009

6:00 - 7:00pm Registration and Reception

### Session 1 Pharmacological Debate

Moderator: David K. Roberts MD

7:00 - 8:30pm What is Optimal Oral Anti-Platelet Therapy in 2009?  
Peter Casterella, MD vs. Matthew Price, MD

## FRIDAY, JULY 31ST 2009

7:00 - 8:00am Registration, continental breakfast, visit exhibits

### Session 2 Stroke & Structural Heart Disease

Moderator: David K. Roberts, MD

8:00 - 8:25am Carotid Stenting & Stroke Prevention: Are We Targeting the Right Patients? - William A. Gray, MD

8:25 - 8:50am Cerebral Protection During Carotid Stenting; Are There Any Device-Specific Advantages? - Subbarao Myla, MD

8:50 - 9:15am Percutaneous Closure of the Left Atrial Appendage & Stroke Prevention; An Update- Amish Desai, MD

9:15 - 9:35am PFO & Migraines: New Insights - Mark Reisman, MD

9:35 - 10:00am Percutaneous Closure of Congenital & Acquired Defects - Joseph Aragon, MD

10:00 - 10:30am Break/visit exhibits

### Session 3 Drug Eluting Stents: Current Practice

Moderator: Mark Reisman, MD

10:30 - 10:50am DES: Does the Drug Still Matter? - David Lee, MD

10:50 - 11:10am DES: Are There Any New Stent-Specific Advantages? - Alan Yeung, MD

11:10 - 11:30am DES: New Insights on Long-Term Data - Mark Grise, MD

11:30 - 11:50am DES: The "Final-final" for Late Thrombosis? - John L. Petersen II, MD

11:50 - 12:10pm New Coronary Stent Platforms: A Look Into the Future - Matthew Price, MD

12:10 - 1:00pm Lunch/visit exhibits

### Session 4 Peripheral Interventions

Moderators: Michael Fugit, MD & Tom Park, MD

1:00 - 1:20pm Update on New Lesion-Specific Devices - David K. Roberts, MD

1:20 - 1:50pm Early Treatment of Claudication: Conquering the SFA Percutaneously - Venkatesh Ramaiah, MD

1:50 - 2:20pm The Role of Stenting Above & Below-the-Knee - John Laird, MD

2:20 - 2:50pm Critical Limb Ischemia. Limb Salvage Above & Below-the-Knee - Dan Clair, MD

2:50 - 3:20pm Endovascular Solutions for Complex Aortic Disease - Victor Rodriguez, MD

3:20 - 3:50pm Break/visit exhibits

### Session 5 Meet the Experts

3:50 - 5:20pm Coronary Intervention & Structural Heart Disease Experts:  
Joseph Aragon, MD / Amish Desai, MD / John L. Petersen II, MD / Mark Reisman, MD

Carotid & Peripheral Intervention Experts:  
William Gray, MD / Venkatesh Ramaiah, MD / Victor Rodriguez, MD / Tom Park, MD

Pharmacology Experts:  
Peter Casterella, MD / Matthew Price, MD / Mark Grise, MD

Product Engineering Experts:  
John Simpson, MD / Todd Brinton, MD / Stephen Griffin, PhD

### Session 6 Evening Event in "The Wine Cave"

#### at The Meritage

5:30 - 6:30pm Reception (Heavy Hors Devours, Wine Tasting)

6:30 - 7:30pm Reflections on a Career of Cardiovascular Device Innovation - John Simpson, MD

## SATURDAY, AUGUST 1ST 2009

7:30 - 8:30am Continental breakfast, visit exhibits

### Session 7 "PCI Potpourri"

Moderator: Peter Casterella, MD

8:30 - 9:00am Management of Multivessel CAD: PCI or Surgery?- Peter Casterella, MD

9:00 - 9:30am Oral anti-Platelet Therapy Update - Matthew Price, MD

**9:30 - 10:30am ACUTE CORONARY SYNDROMES DEBATE:**

9:30 - 9:55am Direct Thrombin Inhibitors Have Made Intravenous Anti-Platelets Irrelevant - Joseph Aragon, MD

9:55 - 10:20am Intravenous Anti-Platelets Are Still The Gold Standard - David Lee, MD

10:20 - 10:30am Rebuttals: 5 minutes each

10:30 - 11:00am Break/visit exhibits

11:00 - 11:20am The Significance of Bleeding Complications After PCI - Mark Reisman, MD

11:20 - 11:40pm Vascular Access During PCI: How to Reduce Complications & Improve Outcomes - Peter Casterella, MD

11:40 - 12:00pm Anti-platelets After DES: Is One Year Enough? - David K. Roberts, MD

12:00pm Closing Comments - David K. Roberts, MD

Since its inception more than 50 years ago, the Sutter Heart & Vascular Institute has been a medical pioneer, bringing the latest diagnostic technologies, treatment protocols and advanced surgical procedures to its patients. With a constant eye toward providing the best care possible, multi-disciplinary teams provide an integrated approach that creates excellence in the management of cardiovascular disease from head-to-toe.

Sacramento Heart and Vascular Foundation is a dedicated group of board certified specialists, committed to providing the finest quality cardiovascular care in northern California. Sacramento Heart & Vascular Foundation has pioneered many firsts in the Sacramento area. These include the first carotid stent trials, coronary drug eluting stent trials and atherectomy for the treatment of lower extremity peripheral vascular disease. An emphasis on excellence incorporates a state-of-the-art clinical practice, extensive clinical research, and broad based educational programs designed for physicians, patients, and the public at large.

The Seattle Science Foundation (SSF), with access to a world-class professional education center, provides a unique opportunity to improve worldwide healthcare through education and training. The center offers both simulation and cadaveric facilities for surgical and endovascular procedures. State-of-the-art conferencing capabilities with direct links to operating and interventional suites enable large and small group interactions around the globe.

## Registration

**Course Title:** 2nd Annual Cardiovascular Interventions: Head-to-Toe Meeting  
Napa, California  
Jul 30- Aug 01, 2009

### Physicians

- \$175 before July 4, 2009
- \$250 after July 4, 2009

### Fellow, Industry, Nurse, Technologist, Other

- \$100 before July 4, 2009
- \$150 after July 4, 2009

### Thursday Evening Only

- \$25

### REGISTRANT INFORMATION

Name \_\_\_\_\_

Company \_\_\_\_\_

Address \_\_\_\_\_
